

SOUTHEASTERN SPECIALTY CROP TECHNOLOGY CONFERENCE

May 5 & 6 UGA Tifton Campus Conference Center

Tifton

This conference and show aims to serve as a platform to accelerate knowledge and adoption of emerging technologies in specialty crop production in the Southeast U.S. Researchers and company representatives will discuss and demonstrate robotics, artificial intelligence and digital agriculture. Open to fruit, vegetable and nut growers, industry professionals, students and Extension professionals. Event runs from 8 a.m. to 5p.m. both days. For more information and to register, visit <https://specialtycroptech.uga.edu/>.
