

## **FRESH MARKET TOMATOES AND PECANS CROP INSURANCE**

**Feb. 2**

**deadline to enroll/renew**

The USDA's Risk Management Agency (RMA) reminds Georgia fresh market tomato and pecan growers that the final date to apply for crop insurance coverage for the 2025 crop year is Feb. 2. Current policyholders who wish to make changes to their existing coverage also have until the Feb. 2 sales closing date to do so. Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Coverage is available for fresh market tomato producers in Colquitt, Decatur, Grady, Mitchell, Seminole and Tift counties. Please contact your insurance agent to see if your county is covered. Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2026 crop year. Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available online using the [RMA Agent Locator](#). Learn more about crop insurance and the modern farm safety net at <https://rma.usda.gov>. The Georgia Farm Bureau Insurance Company contracts with four companies – American Farm Bureau Insurance Services Inc., Rain & Hail, Sampo, and Great American Insurance to offer crop insurance. GFB has more than 70 experienced crop insurance agents (and growing) across the state to help their members protect their investment. Find your local agent and learn more at [www.GFBInsurance.com](http://www.GFBInsurance.com) or email [crops@gfbinsurance.com](mailto:crops@gfbinsurance.com) for more details. USDA is an equal opportunity provider, employer and lender.
