

SOUTHEAST GEORGIA CATTLE UPDATE

July 31 Georgia Grown Innovation Center 9 a.m. – 2 p.m. Metter

This event offers a great opportunity for cattle producers to gain valuable insights on forage management, breeding programs, nutrition, and equipment calibration—while also networking with fellow farmers and Extension professionals. One hour of private and Category 21 Pesticide credits is available. To register or learn more, contact Evans County Extension (912-739-1292), Candler County Extension (912-685-2408) or Emanuel County Extension (478-237-1226). For accommodations or special assistance, please contact your local Extension office or email uge3107@uga.edu.
