### **Sea Isle Boulevard**

The Cape May County Board of Chosen Freeholders, at their May 13, 2014 meeting, awarded a \$12.7 million contract to South State, Inc. for the Sea Isle Boulevard Improvement project that will raise the roadway by approximately 4.5-feet and otherwise reconstruct Sea Isle Boulevard.

The south side has been top soiled and hydro seeded. The turtle fencing attached to the railing on both sides of the road has been completed.

Both lanes have been resurfaced and striped and are open to traffic. The project will be fully completed before summer, one year ahead of schedule. A final layer of asphalt will be put down to smooth the surface and any lingering issues will be addressed at that time. They are currently working on the ramp to the Garden State Parkway. Please be aware of the reduced speed limit.

## **Townsend's Inlet Bridge Closure**

The City has been informed by the County Engineer's office that repairs to the Townsend's Inlet Bridge (connecting Sea Isle City and Avalon) will not be completed prior to the Memorial Day weekend, as previously scheduled. Unfortunately, due to unforeseen conditions that require remedial action, the bridge will not open until late summer. In the meantime, the bridge remains closed to all vehicles, bicycle and pedestrian traffic.

Thru traffic heading north along Ocean Drive (C.R. 619) will be detoured onto Avalon Boulevard (C.R. 601). Thru traffic heading south along Landis Avenue (C.R. 619) will be detoured onto Sea Isle Boulevard (C.R. 625). Residents living adjacent to the Bridge will have full access to their homes at all times. No vehicles, bicycles or pedestrians will be permitted to enter beyond the staging area at the south end of the bridge. An ongoing bridge railing project at the northerly portion of the bridge will prevent vehicles, bicycles and pedestrians from entering the northerly bridge approach. Boaters are urged to stay clear of the various barges that will be on site for the construction activities.

## **Sea Isle City Public Fishing Pier with Kayak Launch**

To be constructed on the bay front at Dealy Field, this project will include a fishing pier, a pier with a covered pavilion, a kayak/paddleboard launch facility (including launch facilities for the disabled) and decorative lighting. The City has received approval from the Cape May County Open Space Board and County Freeholders for full funding for this project in the amount of \$935,605.00. The City attended a Pre-Application conference with the NJDEP in December; and the permitting process is expected to extend through the first half of 2019, with final design and construction to follow. The objective is to proceed to bidding and construction in the second half of 2019. The rendering below depicts the future Fishing Pier & Kayak Launch...
