In 2010, Christopher began creating affordable luxury products for the consumer market with the studio launch of The C.G. Collection. An inaugural collection of the studio was a line of bathroom furnishings for Modern Bathroom™ with one product being nominated by Interior Design magazine for Product of the Year. Having realized remarkable success with this collection being sold in showrooms and through retailers like Home Depot™ and Lowes™, Christopher and this studio continue to develop furnishings and products with an eye on affordability.

In 2015 Christopher launched a new studio, Autograph by Christopher Grubb. This line is comprised of unique, beautifully constructed products with rich features and alluring details for the most discriminating consumer clientele.

After 25 years, Christopher remains passionate and excited about working within each clients' unique set of design challenges and desires.
