

An Update from Ladles of Love

Ladles of Love Kitchen will be open on Sunday, July 4, 2021. We invite our older church members to come and use the cool of the dining area against the heat of the day. Our deck will also be open with tables and chairs. The deck should offer a good viewing area of the fireworks.

Our menu on the 4th will be hotdogs and hamburgers. And we will be serving chilled bottled water with the meal.

The chaplain will be debuting his mini doughnuts on Saturday, July 3, 2021 so come by and pick up a bag. As yet he has not set a price. It will be a good price, and it will all go to Ladles of Love Kitchen. These little doughnuts are morsels of delight! By coming by on Saturday the 3rd you can scope out the situation for the 4th.

We were informed that all the street parking beside our building was being taken over by the city for this occasion. We do understand that it is supposed to be handicapped parking. For the few that can use it, our parking lot will be open that day. Everything, city, and our parking lot, will be first come first serve.

Ladles of Love has embarked on a new schedule. We are open four days a week now in the dining room/kitchen from 11 a.m.-2 p.m. Our Monday menu has been changed to hotdogs and hamburgers. Otherwise, we will be posting on the Ladles of Love Facebook page the daily menu.

On July 10, 2021, Ladles of Love Chapel will officially open. Reverend Deese will be preaching the word of God and conducting worship services. There will be an open Bible study and there will be some questions and answers time for pastor from the congregation. It is a combination of the chapel and church formats. Our first meeting is at 1 p.m. We invite everyone but hope that those that don't usually get to go to church will come and worship and study the word of God with us. Children are always welcomed, but we have no nursery. That is just fine. We will all worship together!

Please keep Ladles of Love always in your prayers. If you can, donate. We operate one hundred per cent on donations. Each donation helps to feed someone that might otherwise not get to eat that day.

Our vision: Feed their bellies, feed their souls!

Chaplain Larry Alexander, Founder
