

June 8, 2021

Dear BC Muslim Association, Az-Zahraa Islamic Centre, Az-Zahraa Islamic Academy, Islam Unravelled, the Muslim Foodbank, Ismaili Council of BC and the communities that you represent.

We wish to express our deepest condolences to the Lower Mainland Muslim community on the terrible loss of four members of the London Ontario Muslim community this past Sunday evening. This deliberate act of anti-Muslim hatred that resulted in the death of three generations of one family solely because of their faith is truly shocking to us. We condemn this act of violence and call on the justice system to prosecute the suspect to the fullest extent of the law for committing both murder and a hate crime. Such actions are repugnant and destructive to people of all faiths, they are an affront to Gd and to all human values. Tragically, we are seeing a dramatic increase in hate crimes directed toward people of many faiths and cultures.

We stand together with our political and religious leaders in affirming the right to peaceful worship, for the right to safely practice religion both in our houses of worship and on the street.

We wish to send comfort to the extended family members of the victims, to the London, Ontario Muslim community and to Muslim communities across Canada who are feeling the pain of this tragedy. Our community has felt great comfort from the visits and well wishes of members of the Muslim community when we have experienced tragedies because of who we are, and we want to return the same sentiment to your community.

The following Jewish organizations have endorsed this letter:
