

Tuition Assistance Applications: Applications for tuition assistance are submitted along with your application for admission. This way, when you receive a letter of acceptance in early February, you will also receive a letter from the Tuition Assistance Committee (TAC) and will know what your assessed tuition is for the year before signing enrollment contracts. The FAST application is completed every third year (e.g. if you apply in Grade 8 you will need to complete FAST again in Grade 11). The other two years, a short verification form is completed and submitted with supporting documentation unless your income has changed by more than 10%, or the number of children you have attending King David is changing.

To apply for tuition assistance, please [click here](#).

Any questions regarding the application, please contact [Sandy Jorgenson](#) or call 604-263-9700.
