

## ALCM Chaplains

*Each of these persons has offered their time as a listening ear for anyone who needs one. Whether you're having a problem with church staff, a question regarding vocation, a troublesome relationship, or just need to hear a friendly voice, they are here to help. They have provided a bit of information about themselves, so you can choose someone who seems to be a good fit. You can start this conversation via email, but all of them are willing to speak by phone as well. We hope this is a useful resource and will help support you in your calling.*
