

NWCG S-219 FIRING OPERATIONS: APRIL 29, 30, & MAY 1, 2019

Yosemite Adult School, in cooperation with the U.S. Forest Service, will be offering a NWCG S-219. This FREE Course introduces the roles and responsibilities of a Firing Boss, Single Resource (**FIRB**), and outlines duties of other personnel who may engage firing operations. The course discusses and illustrates common firing devices and techniques. Although comprehensive in nature, the course work is not a substitute for the dynamic fire environment.

- Identify the roles and responsibilities of the FIRB for planning, execution, safety, coordination, and evaluation of an ignition operation on a wildland or prescribed fire.
- Describe the characteristics, applications, safety and availability of the various firing devices a FIRB has at their disposal.
- Given a wildland or prescribed scenario, prepare a firing plan and briefing that contains desired fire behavior, firing techniques, required resources, coordination, safety and risk management factors, and communication, to meet specific objectives.
