

PHLEBOTOMY TRAINING PROGRAM

The FCC Training Institute provides phlebotomy training for CPT-1 licensure approved by California Laboratory Field Services.

This program exceeds state standards and provides 48 hours of theory and 120 hours of clinical rotation. Gain hands-on experience of at least 100 successful venipunctures, 25 skin punctures and 2 arterial observations. Due to the high demand for this program, participants are chosen through a lottery.
