

# MAINTENANCE & LIGHT REPAIR

## Make a career doing what you love!

This program is designed to train students in technical knowledge of bumper-to-bumper maintenance and light repairs in the critical areas of engine systems, automatic transmission/transaxle, manual drive train and axles, suspension and steering, brakes, electrical, and heating and air conditioning. Students will perform service and repair on vehicles in state-of-the-art labs, using tools, and technologies that will ensure they are workforce ready and qualified for the G1 Automotive Service Excellence (ASE) Education Foundation industry certification.

## IS A CAREER IN MAINTENANCE & LIGHT REPAIR RIGHT FOR YOU?

- Are you able to identify information by estimating, categorizing, or detecting changes in the circumstances or events presented to you?
- Do you have the ability to problem solve and find it satisfying when you identify the solution?
- Are you able to observe, receive and obtain information from various sources?
- Do you want to learn how to work on vehicles, mechanized devices, electronics, or automotive equipment?

## OUR MISSION

Fresno City College provides quality Career and Technical Education (CTE) programs that meet today's demand for highly skilled workers. This program offers streamlined technical courses as well as short-term and industry-recognized certificates. Certificates can position you to gain entry level positions within your technical field of interest. Industry partners provide advice and support for the latest equipment, technology, and learning aides. Courses include a combination of online content and hands-on activities.

## YOUR FUTURE IN A TECHNICAL FIELD

Fresno City College Career and Technical Education (CTE) programs are affordable and provide a strong foundation for starting a career in just five months. Earn a certificate with the knowledge you need to succeed in a high paying technical career. Eighty percent of technical careers require specialized training beyond high school, but do not require a traditional four-year degree. For more information visit our website: [fresnocitycollege.edu/MLR](http://fresnocitycollege.edu/MLR). To make an appointment with a counselor, call the Tech & Trade pathway office at (559) 442-8273. We look forward to hearing from you soon!
