Youth of the Month

September 2019

My name is Natania Sanchez and I'm 15 years old and I attend Charlestown High School. I became an official member of Turn It Around in 2019. Some of my hobbies include writing and spending quality time with my family and friends. I joined Turn It Around because I love helping my community and making it a better place. I love the people I've met in my neighborhood because many of them have become like family. One day I hope to become a physiatrist.
