I joined Turn It Around (TIA) in 2016 at a cookout. The Coalition's Director, Sarah Coughlin, came up to me with great energy and told me about the group. I liked the vibe Turn It Around had so I decided to join.

TIA helped me with starting my own clothing line by giving me the confidence and knowledge I needed to move forward in my business. They also have taken me out of comfort zone on numerous occasions, promoting growth and maturity. Once, we went hiking and camped in the White Mountains!

The advice I would give a new youth member is have to confidence in what you want to do and don't shoot away your opportunities, TIA gives amazing oppotunities so make them work for you!
