Youth of the Month

TURN IT AROUND

March

Hi, my name is Yanailyz Betances. I go to the Edwards Middle School, I live in Charlestown MA, and I'm 14 years old. The reason why I joined Turn It Around is because I heard from a friend and he told me the activities they do here and I liked the sound of it. I also wanted to be part of a community that can help make me a better person. I like that the Turn It Around community goes out and raises awareness and funds for people in need.
