

TURN IT
AROUND

Youth of the Month

October 2019

My name is Ryan and I joined Turn It Around in 2019 because I want to be an active member of my community. I like helping people and Turn It Around gives me the opportunity to do so in many ways. One way, is by teaching others about coping skills and dealing with life's pressures at different community events. I really enjoy being a part of my community because there are so many organizations for youth to get involved with and Turn It Around has been the perfect group for me.
