

# TURN IT AROUND

## Turn It Around Alumni: Matt Robinson Where are they now? Veteran and Exterminator

I started Turn It Around when I was 17 before it was "Turn It Around" and just an idea amongst young kids and some very special coordinators. I was actively involved up until I went into the army at the age of 22. I loved being a part of the events we held and being able to talk to and get to know different people in the community.

Turn It Around definitely helped me get out of my comfort zone. I spoke publicly a couple times and managed different stands and information booths at multiple events. Which taught me how to address people appropriately and voice my own opinions, thoughts, and ideas.

I would tell all the younger people involved and who are thinking of getting involved to do it! You meet amazing people who are friends for life and are always there to help. I would not be where I am today if it wasn't for my involvement in TIA and the people I have meet.
