

TURN IT ON AROUND

My name is Elizabeth a.k.a. Lizzy, and I am 13 years old. I became an Official Member of Turn It Around in 2020 after the COVID-19 Pandemic. I got involved with the group through my older brother who is a current member. During COVID, I was invited to participate in the group workout sessions and eventually the weekly meetings where I proved myself to be mature enough to become a member even though I am the youngest in the group.

I decided to join the group because I like to meet new people and give back to my community. I love participating in the TIA meetings and events because I'm encouraged to voice my thoughts and share my ideas. This is an awesome group because we truly care for one another and lift each other up.

Some of my hobbies include singing, acting and painting. I've been in multiple plays including Oliver, Annie and Aladdin. I hope to gain more talents and skills in this group!
