

Youth of the Month

December 2019

My name is Feisal and I'm 15 years old and I attend school in Charlestown. I've been a member of Turn It Around since 2019. Some of my hobbies are playing soccer and participating on the debate team at school. The reason I joined Turn It Around is because a friend told me about it and I really want to give back to my community, which the group is known for doing. I love working the Turn It Around events because it's a lot of fun getting to know new people. My community is very special and has raised me to be the person that I am and that's why I want to be a part of a group that takes care of it. When I am older, I want to study to become a doctor, so I can help more people in life. Something unique about me is that I am bilingual.
