

My name is Laneigh Lundin-Monaco and I am 17 years old, born and raised in Charlestown. I joined Turn It Around in 2013. I have seen drugs and the way they affect people my whole life. Drug addiction is a disease that has hit the lives of many family members along with friend's families. My own mother has been in recovery since I was 5 years old. My father, who also struggled with addiction, passed away by overdosing last November. Although, this has been an extremely difficult experience, I am still determined to make a difference in my community and educate others on addiction.

I want to spread awareness. Most importantly, I don't want to see any more people from my town die because of this epidemic.

*"Although I have not been a part of Turn It Around for long, Laneigh has been so welcoming and I look forward in getting to know her more and sharing in on her journey. "*
