

# Youth of the Month

TURN IT  
AROUND

## August 2019

Hi, my name is Precious, and I am the younger sister of one of the official members, Franklin. I joined Turn It Around in 2018 after my brother talked so highly of the group for a long time. I also joined because I wanted to be more involved in the positive change for the Charlestown community. I know by being a part of this group I'll learn many valuable skills. This group has provided me with so many wonderful opportunities already, including being a summer intern in their Charlestown Coalition office, going on a field trip to 6 Flags, and attending educational workshops. I look forward to what the future of Turn It Around holds for me and our communities. Another great feature of this group is although it feels like a tight-knit organization, everyone is welcome to join or get more involved.
