

THE TEN ROOT CAUSES OF POVERTY

To systematically address these challenges, the Florida Prosperity Project has identified the 10 root causes of poverty:

- Lack of employment opportunities
- Inequities in education & workforce development
- Unaffordable & unattainable housing
- Insufficient transportation options
- Disproportionate health access and outcomes
- Food insecurity
- Inaccessible & unaffordable childcare
- Unsafe environments
- Imbalanced outcomes in the criminal justice system
- Lack of recognition and access within a community
