What is the Sustainable Quality Award?

It is an annual award that honors local businesses and organizations which engage in practices that improve our community and the natural environment. These future-thinking actions sustain our high quality of life and therefore the life of the business. Businesses and organizations located in Mendocino County and/or which are members of the Mendocino Coast Chamber of Commerce are eligible for nomination for the Sustainable Quality Award.

What are the criteria for the Sustainable Quality Award?

SUSTAINABLE ECONOMIC DEVELOPMENT

- Programs that contribute to the long-term economic development of the local economy (for example, redevelopment; local hiring or purchasing; hiring youth or the disadvantaged, etc.)
- Product/service innovation to respond to or anticipate changing customer needs.
- Systems for increasing the productivity and efficiency of employees and operations.
- Actions to provide attractive, clean public areas and employee workspaces.

SOCIAL RESPONSIBILITY

- Programs to provide a positive work environment and allow employee feedback and participation
- Employee pay, benefits, or incentive programs that exceed minimum standard practice.
- Charitable and community outreach efforts.

STEWARDSHIP OF THE NATURAL ENVIRONMENT

- Programs to reduce waste and/or conserve resources such as water and energy.
- Actions to reduce the use of toxic substances in operations.
- Actions to exceed environmental compliance.
- Produce products or services that benefit the environment.
- Environmental restoration efforts to protect or improve the quality of the urban environment.
