

Welcome to the Monroe County Business Community

The Monroe County BDC along with the City and County of Monroe is pleased to welcome the newest member to our manufacturing community, Echo Engineering and Production Supplies, Inc.

Echo is an industrial solutions business providing expert design & engineering services, comprehensive manufacturing processes, real-time supply chain management, and meticulous quality assurance. Echo's Core Solution objective is to minimize the risk of customers' design & engineering process, supply chain capacity, and manufacturing processes. Echo Core Product Technologies focus on direct and indirect product applications including Sealing, Connecting, NVH, Fastening, and certain other customer focused products. Echo is headquartered in Indianapolis, IN with additional locations in Monroe, MI; Milpitas, CA; Shanghai, China; and Guadalajara, Mexico.

Echo Engineering has experienced exceptional growth over the last decade and looks forward to accelerating this success with a manufacturing facility located in the heart of the automotive industry. Ammex Plastics is a TS 16949:2009 registered full-service manufacturer of custom plastic components based near Detroit in Monroe, MI. Ammex primarily serves the automotive industry providing fluid routing, fastening, interior, and suspension system components – including connecting; fastening; and noise, vibration, and harshness ("NVH") parts. Ammex Plastics is currently operating within Echo, as Echo Engineering and Production Supplies, Inc. dba Ammex Plastics.
