INCLUSION WORKS

Provider Innovation Program

IMPACT

North Carolina is committed to individuals with disabilities receiving quality Competitive Integrated Employment (CIE) services.

Be one of the first 4 providers to be selected from across NC to participate in training and receive support to innovate services.

INNOVATION

Provider agencies will be supported to assess and evaluate their organization and current services and receive support to develop a customized innovation action plan to incorporate or expand competitive integrated employment.

TRAINING & TA

Provider agency leadership and employment team staff will receive training & technical assistance (TA) funded through the Inclusion Works project. Topic areas include but are not limited to:

- Customized Employment
- Self-Employment
- Train-the-trainer

INCENTIVE

We recognize that organizational change and quality training takes time and effort which is often difficult to invest. Participating providers will receive \$75,000 in financial incentive as they complete 5 milestones in the Provider Innovation Program to help offset the costs incurred by the organization.

PROJECT STRATEGIES

Jobs

Each provider will be supported to help their members obtain new jobs in CIE over the course of the project

Provider Innovation

Each provider receive support to complete a Provider Innovation Training & Technical Assistance Action Plan to expand CIE

Training & TA

Providers actively engage in training and technical assistance opportunities

Jobs Info

Information about jobs in CIE obtained by members during the project will be shared confidentially.
