

INCLUDE NC

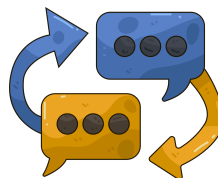

Navigating Community Preparedness through Leadership for Children and Youth with Intellectual and Developmental Disabilities (I/DD)

In a crisis, every second - and every child - matters. For children with I/DD, emergencies can be especially disorienting and dangerous. INCLUDE-NC is working to ensure that caregivers and emergency responders across North Carolina are equipped to meet those moments with confidence, compassion, and inclusive care.

We Need Your Input!

INCLUDE NC needs input from residential agencies and staff (including **group homes, AFLs, and foster care homes**) who serve children with I/DD.

Your input is vital to our work in making sure residential facilities feel prepared to support children with I/DD during disasters.

We Need You for Focus Groups.

Share your experiences of supporting children with I/DD through disasters like weather events, fires, community violence, or other extreme events. We want to hear from staff at group homes, AFLs, foster care agencies, and foster parents!

VIRTUAL FOCUS GROUPS WILL BE HELD IN DECEMBER 2025:

CLICK [HERE](#) TO REGISTER!

Register by November 19th!

Help us ensure that inclusion is at the heart of every emergency response.
