

Know the facts about coronavirus disease 2019 (COVID-19) and help stop the spread of rumors.

FACT  
**1**

Diseases can make anyone sick regardless of their race or ethnicity.

People of Asian descent, including Chinese Americans, are not more likely to get COVID-19 than any other American. Help stop fear by letting people know that being of Asian descent does not increase the chance of getting or spreading COVID-19.

FACT  
**2**

Some people are at increased risk of getting COVID-19.

People who have been in close contact with a person known to have COVID-19 or people who live in or have recently been in an area with ongoing spread are at an increased risk of exposure.

FACT  
**3**

Someone who has completed quarantine or has been released from isolation does not pose a risk of infection to other people.

For up-to-date information, visit CDC's coronavirus disease 2019 web page.

FACT  
**4**

You can help stop COVID-19 by knowing the signs and symptoms:

- Fever
- Cough
- Shortness of breath

Seek medical advice if you

- Develop symptoms

AND

- Have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

FACT  
**5**

There are simple things you can do to help keep yourself and others healthy.

- Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

CDC is aggressively responding to the global outbreak of COVID-19 and preparing for the potential of community spread in the U.S.

## Travel

- Conducts outreach to travelers
- Issues travel notices

## Laboratory and diagnostics

- Develops diagnostic tests
- Confirms all positive test results submitted by states

## Schools

- Provides guidance for schools including school closures and online education options

## Businesses

- Provides business guidance including recommendations for sick leave policies and continuity of operations

## Community members

- Shares information on symptoms and prevention
- Provides information on home care
- Encourages social distancing

## Health departments

- Assesses state and local readiness to implement community mitigation measures
- Links public health agencies and healthcare systems

## Healthcare professionals

- Develops guidance for healthcare professionals
- Conducts clinical outreach and education

## Healthcare systems

- Develops preparedness checklists for health systems
- Provides guidance for PPE supply planning, healthcare system screening, and infection control
- Leverages existing telehealth tools to redirect persons to the right level of care

# STOP THE SPREAD OF GERMS

Help prevent the spread of respiratory diseases like COVID-19.

Avoid close contact with people who are sick.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Avoid touching your eyes, nose, and mouth.

Clean and disinfect frequently touched objects and surfaces.

Stay home when you are sick, except to get medical care.

Wash your hands often with soap and water for at least 20 seconds.
