

HEAVY METAL

SUMMER EXPERIENCE

IGNITE YOUR FUTURE!

June 12th & June 15th – 19th

- Would you like to train for a career that will making a lasting impact on your community?
- Does four years of college tuition sound daunting?
- Have you ever considered a career in the construction building trades?

✦ **Join the Heavy Metal Summer Experience!**

ABOUT

The Heavy Metal Summer Experience (HMSE) is a **FREE- 6 day camp** introducing high-schoolers and recent graduates (ages 17-18) to union job opportunities in Mechanical construction (HVAC & Plumbing). You will also see what other opportunities we have in the non-union side of our business. Through four 4-hour training sessions led by construction professionals, you will learn the basics of HVAC & Plumbing Service, Sheet Metal & Piping. Two other full days will include a number of offsite visits and construction related tasks.

HMSE takes place at Intech Mechanical's office and shop in Roseville, CA where participants will receive hands-on experience, safety training, and exposure to a wide variety of options open to them in the building trades.

WHY EXPLORE A CAREER IN THE TRADES?

Great pay, exciting projects, equity & opportunity. The building trades offer so much variety, whether you love the idea of using your tech skills to “pre-build” systems in CAD, enjoy helping people remain safe and comfortable where they live, work, dine, and shop, or you want to build things with your own hands - construction just might be the place for you.

Ignite your future in the trades!
