

RESTORING RIGHT RELATIONSHIP WITH MOTHER EARTH

A Four-Day Immersion Experience

October 7-10, 2021

PILGRIM CENTER - UCCI • GREEN LAKE, WI

Presented by The Alliance for Justice, Inc. in partnership with the Ho-Chunk Nation and United Church Camps, Inc.

Join us on Ho-Chunk land at Green Lake as we immerse ourselves in a four-day experience to explore how local churches will faithfully respond to calls for justice from Wisconsin's Native American communities, care for creation, and work together for racial equity. The four-day program, "Restoring Right Relationship with Mother Earth" will engage participants in open dialog about fundamental understandings about the nature of place, notions of ownership and

stewardship, and our relationship to a shared history.

Program activities include various presentations on the Doctrine of Discovery, participation in the Blanket Exercise and in Talking Circles. Participants will learn how to make their own personal Talking Circle Stick, which they will be able to take home.
