

# FY18 Budget Request

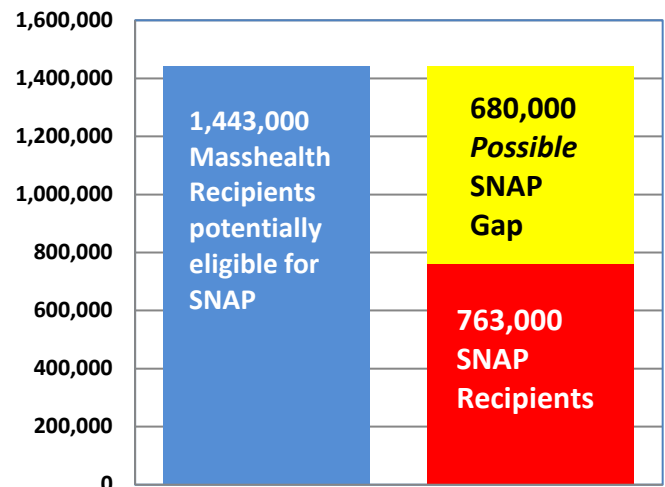

## Close the SNAP Gap and Create a Common App!

Please help Close the SNAP Gap in the FY18 Conference Committee Budget by including the Senate Budget provision!

### The Problem:

- The SNAP gap refers to the 680,000 people who are receiving Mass Health and likely eligible for SNAP, but aren't receiving benefits.<sup>1</sup> (Check out local **SNAP Gap Map** by city and town: <http://tinyurl.com/j7kudz>)
- MassHealth and SNAP, as well as many other safety-net programs, have separate application processes that ask for the same basic information, duplicating efforts and creating more work for both the state and clients.

### How big is the SNAP Gap?

### The Solution:

- Create a **common application portal** to let low income households apply for MassHealth and SNAP **at the same time**. This lays the foundation for a common application portal for safety-net benefits, reducing duplicate data collection, and increasing efficiency of state government.

### Benefits of closing the SNAP Gap and creating a Common Application Portal:

- Streamline and improve the efficiency of the application process for Massachusetts residents.
- Increase access to 100% federally-funded nutrition dollars for low income households.
- Help more low income residents meet their basic needs and lower healthcare costs.
- Boost automatic "direct" certification for children for free school meals.
- Generate \$1.5 billion in economic stimulus to the state and local economy.
- Increase food access for over 100,000 Massachusetts elders.

and Kristina St. Cyr, [kstcyr@mapublichealth.org](mailto:kstcyr@mapublichealth.org),  
781-603-6716

<sup>1</sup> Data: September 2016: EOHHS reported 1.8 million Masshealth recipients under 200% FPL, November DTA data shows 763K SNAP recipients. MLRI determined 80% of the 1.8M MassHealth recipients "likely SNAP eligible," excluding long term care, ineligible students, 3 month time limit, immigrant ineligible.

# Organizational Supporters of Closing the SNAP Gap and Creating a Common Application

As of April 11, 2017
