## International Arbitration Versus Litigation and Emerging Trends in International Arbitration

Globalization and the growth of cross-border investments have resulted in an increase in international disputes.

Businesses are increasingly turning to international arbitration to resolve these conflicts. Our panel of experienced practitioners and thought leaders will offer their insights regarding the differences between international arbitration and cross-border litigation as well as on emerging trends in international arbitration.

**Thursday, February 15, 2018**

4:00 - 5:30 p.m.

**Holland & Knight**

701 Brickell Avenue | Suite 3300 | Miami, FL 33131

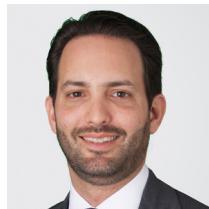

---
