

A Century of Care

With a century of care,
If we could seed and sow,
Build this land strong,
There would be lots to share.

If we can all pitch in,
Celebrate and work hard as we plant,
Harvest and help,
No food would be stretched thin.

Together making this land a dream,
Hoping and helping,
Together blooming,
We could all become a team.

Making sure to share,
Helping others,
becoming a team to plant:
A century of care.
