What is something unique or descriptive about your church?

Hope just celebrated her eighth birthday. The body loves to serve the least and be involved in the ministries of the church.

What is happening within the church that you are excited about?

This March we will be going to two services in order to prepare to plant a new sister church in January 2020.

What are one or two prayer needs within the church?

Prayer for our church planting pastor and the team. We pray the Lord would protect us from any attacks from the evil one that might threaten our unity.
