What is something unique or descriptive about your church?

We are known in our neighborhood for helping kids and teachers at the elementary school.

What is happening within the church that you are excited about?

We have been experiencing regular declarations of salvation and baptism. God is alive and we are filled with His joy.

What are one or two prayer needs within the church?

Greater dependence on Him to be Christ-centered, biblically measured, prayer-driven, family rooted, evangelistically bold, and financially responsible.
