#### ***What is something unique or descriptive about your church?***

We are a Book of Acts church! We believe wholeheartedly that Jesus was referring to Tucson, AZ in John 4:35. Look at the fields, they are white and ready to harvest. We believe we have a mandate to preach the whole Gospel to the whole world with a special call to the Spanish speaking people of our community!

#### ***What is happening within the church that you are excited about?***

We just celebrated our first graduating class from our school of leaders and they are being released into ministry. Our worship services are becoming more effective to our visitors and inviting to God's presence every Sunday

#### ***What are one or two prayer needs within the church?***

We desperately need funding for our new building that we have been dreaming about ever since we paid off our property on the South Side. This is much needed because of the revival that is breaking out among the Spanish speaking community.
