**Justice Strength Training 2: Sanctuary Beyond Buildings**  
**September 24, 2017, 4pm**

**Curious about how to best support vulnerable communities? Want to know more about standing with immigrant communities beyond residential Sanctuary? This webinar on expanding Sanctuary work will feature guest presenter Amy Beth Willis, a Tucson-based organizer with the [National Sanctuary Movement](#).**

Ms. Willis will share how Sanctuary work has shifted today from its 1980s roots, and help us all gain a better understanding of how our congregations can ally with vulnerable communities under the 45th President. Ms. Willis is able to speak into this space of great anxiety for people across the state with her experience as an ally and accomplice to communities seeking Sanctuary—safety—in all its forms.

Sign up with others from your congregation and community, so you can plan together how to build relationships and join in the struggle with people at risk. Bring your questions about Sanctuary and sense of discovery to this presentation and time of discussion!

## **Out of the Darkness Community Walk**

### **Saturday morning, September 30th at Buffalo Park.**

Sponsored by the American Foundation for Suicide Prevention (rated 90% by Charity Navigator) Flagstaff's 2-mile walk begins at 10:15, with registration 9 – 10:00 that day.

In alignment with Beacon's September theme of Beauty, this is one way to connect with the inner beauty of others, especially those suffering from depression and/or taking their own lives. We can be allies, either by sharing the September 30 walk side-by-side, or on the same path, or by making a financial contribution.

For more information, go to:

<https://afsp.donordrive.com/index.cfm?fuseaction=donorDrive.event&eventID=4940>

OR: google Out of the Darkness Walk, then scroll down to find the Flagstaff Walk.

One of Beacon's public stances, approved in 2016, is to "support local efforts toward non-violence." Many of us have been touched in some way by the factors that contribute to this awful outcome that impacts entire communities.
