Butterfly Huts

An elegant, affordable way to create shelter.

Design Features

- **Modular** - each unit can operate alone or ganged together to create larger seating arrangements
- **Affordable** - constructed with commonly sourced products found at local hardware stores
- **Welcoming** - interior heaters and lights create a cozy environment
- **Customizable** - panels can be swapped for different materials, creating unique looks
- **Flexible** - can be used as warming huts in a park setting, shelter for sidewalk cafes, or patio extensions
- **Long lifespan** - even post COVID, everyone wants to enjoy the PNW without getting wet. Enjoy the outdoors year round!
