

WELCOME TO OUR TEAM, **LINDSEY BENNETT**

DIRECTOR OF PROGRAMS & IMPACT

Raised in Frisco, Texas, Lindsey Huynh Bennett first discovered her passion for people and human development through sport. A high-performance junior tennis player, she became a multi-year state qualifier and district/regional champion before signing with the University of Northern Colorado to compete at the Division I level during the 2014–2015 season. She later graduated from the University of Washington with a degree in Sociology and a minor in Education, where her interest in community, identity, and development deepened.

Lindsey's coaching career reflects her commitment to shaping both athletes and individuals. As Head Coach of Roosevelt High School, she was recognized with the Metro League Gary Case Award in 2022 for her leadership, mentorship, and positive impact on youth. She believes deeply in the transformative power of sport and education as vehicles for growth, resilience, and connection.

At the heart of her work is a people-centered philosophy—finding meaning in developing individuals not only as athletes but also as community members and storytellers of their own journeys. Beyond her professional work, Lindsey is a proud parent, a supportive partner, and an avid coffee drinker who finds joy in the simple rhythms of daily life. She brings energy, empathy, and vision to her role as Director of Programs & Impact, where she is dedicated to building environments that empower growth, foster belonging, and create lasting change.
