

Why play a game when you can create it?

Free STEM workshop for middle schoolers.

Every child deserves a chance to shape the world. But they don't always have the tools to do it.

That's why we've launched the Verizon Innovative Learning STEM Achievers program - an immersive program developed to ignite STEM passions through design thinking, 3D printing, augmented reality and social entrepreneurship.

 Full day workshop on November 1, 2025, from 10:00 am to 2:00 pm.

 UAPB UAPB STEM Academy
1500 LA Prexy Dr., Pine Bluff

For more information, please contact
Laura Hildreth at hildrethl@uapb.edu or 870.575.7112

This program empowers every student with the tools they need today to become the STEM leaders of tomorrow. No prior knowledge or experience is required.
