

## Get Ready™ Workplace IPAC Program

Businesses never needed an Infection Prevention and Control Specialist – Now they do. Get Ready™ bridges that gap for your members!

COVID-19 is an unprecedented global pandemic disaster. The challenge is not just getting people “back to work” but doing so in a way that ensures employers are compliant, staff are safe, and customers feel confident. Get READY™ is your outsourced Infection Prevention and Control (IPAC) partner. We have the ready-to-deploy cloud-based platform that provides you with everything you need to operate safely, including:

- Infectious Disease Outbreak Awareness training
- Communications and signage
- Policies, procedures and tools for:
  - Self-screening and workplace screening
  - Effective social distancing
  - PPE
  - Cleaning and disinfecting practices
  - Attendance reporting
  - Exposure in the workplace
  - Daily status reporting

Join the annual Workplace IPAC Program Membership and we will help you meet and maintain the relevant Public Health and OSHA requirements.

## Get Ready™ Business Continuity Program

Reduce the time, effort and cost needed to create and maintain your organization’s BCP.

Get Ready’s BCP program is customizable and easily deployable on our cloud-based software accessible via mobile and desktop. In accordance with the Business Continuity Institute’s best practices, the platform provides at-a-glance real-time situational awareness so informed decisions can be made faster to keep your organization operational.

The Get Ready BCP platform gives you the online tools needed to guide you through the identification of critical functions, essential contacts, supported process, and maximum allowable downtimes sustainable by each business unit regarding the eight **Critical Strategic Priorities** within your organization.
