

Improvements to Rural Health Care Through Patient-Centered Research

**June 26, 2019
12 p.m. - 1 p.m.**

Dirksen Senate Building, G-11

OVERVIEW:

Join Research!America and partners for a briefing to explore advances in patient centered research to improve delivery of care in rural areas. Panelists will share what makes health care delivery unique in rural areas and how patient-centered/community-based programs can lower the risk of heart disease and address other public health challenges.

Lunch will be served at this widely attended event.
