

# HHS TELEMEDICINE HACK

A Learning Community to Accelerate Ambulatory Telemedicine

**LIFEHACKS FOR  
TELEMEDICINE**

## Top Telemedicine Resources

### About the HHS Telemedicine (TM) Hack

TM Hack was a 10-week learning community to accelerate telemedicine implementation for ambulatory providers. All TM Hack sessions are archived. **The goal of TM Hack is for ≥90% of participants to have conducted and billed 1 or more video-based telemedicine visits by September 30, 2020.**
