Support Healing Patriots

Their mission it to help Veterans & First Responders injured in the line of duty & take them on therapeutic outdoor trips: fishing, hunting & other outdoor activities.

These outdoor expeditions take place in Wisconsin, Minnesota & Canada.
Our heroes get to share their experiences with fellow veterans & first responders, which creates a real family atmosphere.

Each person taken on this therapeutic trip is given new tackle, fishing poles, rain gear and most importantly recognition of their service to our country and the communities they have served.

If you suffer from PTSD or have been injured in the line of duty, Healing Patriots would love to hear your story and invite you on one of these amazing journeys.

If you know someone you believe could benefit from being part of the Healing Patriot Experience please contact us:

www.healingpatriots.org

Thank you in advance for your support. Your \$20 donation will not only help Healing Patriots, but your team or organization will benefit greatly as well.
