West Concord Local Love Campaign Urges Support for District during summer roadway Construction

Be part of the love for West Concord this summer! The public way of Commonwealth Avenue is getting a refresh with new roadway surfacing and sidewalks with work taking place from mid July through the early autumn. Despite the disruption, businesses remain open and are eager to welcome you.

Show them some love and they'll love you back!

The West Concord Passport was inspired by similar, successful efforts to support local businesses during the pandemic.

Get one of the passports. You can pick up one from the Fowler Library at 1322 Main Street, can clip one from the pages of the Concord Bridge newspaper, or can print one from home from the town's website of VisitConcord.org/Visit/West-Concord/

When checking out at local businesses, ask for a stamp. Keep receipt from online purchases.

Shop in at least three different West Concord businesses to fill your card. Each week we'll be highlighting a different West Concord business. When you shop at that week's featured business you'll earn a double stamp on your passport.

Once your card is completed, share it with us. Completed cards will be entered in the Weekly Wednesday Drawing starting on July 26. All entries will be automatically entered into the final, Grand Prize Drawing taking place on October 4.

Completed cards can be emailed to Visitors@ConcordMa.Gov or dropped off in person to the collection box inside the Fowler Library at 1322 Main Street.
