

# Iggy

Iggy is an adorable 2-year-old Pit Bull mix who is looking for his forever home. This guy was found chained outside in the freezing cold. Since being rescued and placed in foster care, Iggy is thriving and living life to the fullest. He is so very sweet and does very well with other dogs, though is a little exuberant about meeting new friends. He will need someone who will commit to obedience training since everything is so new to him. Iggy is an amazing boy and will make any adopter very happy.

# Latch

Latch is approximately 2 years old and can't wait to meet his forever family. He would love a fenced yard and a canine sibling to play with. He can jump a 7-foot fence, so he needs to be supervised when outside. Latch is very playful, energetic, lovable, and extremely smart. He will need a family that can stimulate him mentally and physically. Latch would be best in a home where someone is home more than not. This dog is an absolute gem and deserves a family that will love him as much as he will love them.

# Georgie

Georgie is a very handsome 3-year-old American Bulldog mix who is very excited to meet his forever family. He is deaf but that doesn't stop him! Georgie loves life! He uses hand signals instead of verbal commands and knows them very well. Georgie is very loving, loyal, and calm but playful at times. He will require to meet his new family multiple times to help him adjust to new family, since he is very loyal to his foster mom. He doesn't have trust issues, but he is so loyal to his foster family who helped him learn how to love after being tied to a tree his entire life. Georgie is definitely worth taking the extra mile to win his love!

# Ruby Inez

Ruby Inez is the cutest Labrador mix who is looking for a family of her own. She is an extremely lovable girl who loves to be with her foster family. She had canine friends and we are hoping that she will have a confident friendly canine sibling in her new home. Ruby is young and playful so an active family would be preferred. She was left alone quiet a lot in her previous home so we think an adopter who is home often would be best for her. We should mention that she loves to destroy her toys, it's such a fun thing for her to do so an adopter who doesn't mind replenishing her toys would be the perfect fit.
