

# Floyd

Floyd is an extremely handsome 1 year old Hound Cattle dog mix. He spent his entire life in an outdoor kennel until he was rescued. He is now in a foster home and is learning how to be an indoor dog. Floyd is doing amazing adjusting, but he will need a family who can be patient and help him improve on his manners. He loves people and other dogs but does have a high prey drive so absolutely no small animals in his new home. Floyd is an amazing dog who is loving life now and is ready for his new forever home! Please consider Floyd, his a very sweet and loving dog and is going to make some luck person or family very happy!

# Lucy Loo

Lucy Loo is the cutest 5-year-old Labrador mix who is looking for her forever home! Lucky Loo had a pretty tough life, but you wouldn't know it by her sweet and loving disposition. She loves people and is extremely loyal! Lucy Loo also loves other dogs but should be the only dog in the family since she desperately loves her people and wants all the attention. She does have an intestinal condition "exocrine pancreatic insufficiency" and she is on an affordable medication that is to be added to her food. She will need to be on this medication for the rest of her life so Lucy Loo can maintain a healthy weight. Lucky Loo would love a family that can take her on walks, car rides, mini adventures, and most of all cuddle with!

# Princess Pea

Princess Pea is a stunning American Bulldog Hound mix. She is approximately 4 years old and is extremely loving and adores people of all ages. We do recommend older children due to her size and she tends to be a little jumpy when excited. Princess Pea is house trained and crate trained but does prefer to sleep in a bed with her people. She is very loyal and devoted. She is going to be an amazing best fiend for someone! She should not go in a home with small animals and we will be dog testing her once she has adjusted to moving to her foster home. As of now we do know that she requires a home with a fenced yard. Princess Pea also is a sun worshiper and will lay in the sun for hours, so her owners will have to make sure she doesn't stay in the sun too long. <https://pawsnewengland.com/adopt/pet-9960/>
