

Thunder and Sunshine

Thunder and Sunshine are Shepherd Beagle mixes that are 1-1.5 years old. These amazing siblings are completely bonded to each other. Thunder and Sunshine were living under a car in Aruba and since then they have made their way to New England. Thunder is in a wheelchair but is not paralyzed and has complete function of his bladder and bowels. He may someday walk again but that is uncertain. Both dogs are extremely happy pups who love people and other dogs. They are going to make great addition to one lucky family.

Jake and Lily Air

Jake and Lily are one of our favorite bonded seniors. They are approximately 10-11 years old and we think they may be Airedale mixes. They were returned to rescue because their owner passed away. Jake and Lily are very sweet, loving and affectionate dogs who get along great with other dogs and love human affection. These two cuties also love going for walks, exploring new surrounding and gazing out the window. These seniors have a lot of love to give so don't wait, fill out an application for them today.

Starry

Starry is a beautiful 1.5-year-old Catahoula mix who is on the hunt for her forever home. She is a little shy and can be a little sensitive to loud noises. Since coming into rescue, Starry has made great progress with house training and basic obedience. She does well with other dogs and has passed her cat test but is not currently fostering with a cat. Starry is such a sweet and loving girl who will need an owner to continue to work with her on her shyness, but she is worth it! <https://pawsnewengland.com/adopt/pet-8713/>

Lucky Pup is an extremely sweet boy who loves to be around people. He also does very well with other dogs and seems to enjoy their company. He is currently working on his obedience training and would love his new family to continue with his training since he is still a young dog. <https://pawsnewengland.com/adopt/pet-8551/>
