

Archer

Archer is a gorgeous 4-year-old Border Collie mix who would love a new home with lots of tennis balls! He is true to his breed, loves to play and stay active. He is not a couch potato, but will settle down in the house.

Archer will need a 6-foot fence or higher in his new home since he tends to chase squirrels and anything smaller than a 6-foot fence is child play for him. He adores his people! He loves to follow his foster mom around and can be considered a Velcro dog. Archer can be a possessive over his toys and food, therefore we believe he would do best as an only pet.

Coco Cue and Duce Cue

Coco Cue, the all tan girl, is 4 years old and her sister Duce Cue who is the tan and white girl and she is 8 years old. These bonded pups were raised in a loving home but unfortunately their elderly owner could no longer care for them. These girls are extremely sweet and loving and we were hoping that they could stay together. Coco Cue and Duce Cue are currently working on basic obedience and leash training and are doing very well.

China Reed

China Reed is a 2-year old Terrier mix with an infectious smile! This girl is very sweet, but shy around humans. We would love to see her in a home with a female owner and another friendly confident canine companion. Even though she is a shy girl, China Reed loves to go for walks, cuddle and go for car rides. China Reed is an amazing girl who just needs a quiet home where she can blossom.

Heather Gardner

Heather Gardner is a stunning 7-month-old Labrador mix! Her family moved and left her behind to wander the streets. Heather Gardner is now being fostered with multiple dogs of multiple sizes and is doing great! She is a typical happy, spunky puppy and she is currently working on her obedience. This puppy is going to make a great addition to most any home, don't wait apply today.

Kale

Kale is a 2-year-old American Staffordshire Terrier Mix who is on the hunt for his new forever home! He was found wearing an extremely tight chain to fend for himself after his owner went to prison. Everything is new to Kale, so he is learning to take it all in. He has discovered that a warm fuzzy bed is better than living outside. He is also learning how to socialize with other dogs. After a proper and slow introduction, he does well with dogs similar to his own size, no small dogs or cats for him. He is going to make a marvelous addition to someone's family.
