

## Ash

Check out this stunning 1 year old Pointer mix! Ash is an amazing girl who found herself in a shelter after being picked up as a stray. Unfortunately, her owners never came forward so she is looking to start the next chapter in her forever home. Ash is great with other dogs, very playful and extremely sweet. Ash would love an active home where she can go on walks daily, play learn basic obedience that all young dogs need. Ash is going to make an incredible companion!

## Cooper Aroo

Cooper Aroo is dapper 8-year-old American Bulldog who is looking for his forever home. His owners abandoned him in a shelter in very rough shape. Thankfully he was taken into rescue and received the best medical care.

Cooper Aroo is the best gentle giant anyone could ask for. He is incredibly lovable with people and treats and likes every canine like they have been friends for years. This boy just oozes love! He likes to play, go for walks and hang out with his foster family (humans and canines).

## Glenda

Glenda is sweet and gentle 2-year-old Labrador Doberman Pincher Mix. This young lady was an excellent mother to her pups, whom have all been adopted and now it's her turn! Glenda is very shy but when she warms up she craves attention, she also can be a little shy around dogs but again once she warms up there is no stopping her. She will need a quiet, calm and loving environment to help her gain confidence; she definitely will be worth the effort

# Honey

Honey is a beautiful 3-year-old Husky Shepherd mix. She has seen some tough times in her life but that won't stand in her way of finding her forever home. She can be a little shy so she will need a patient owner to bring her out of her shell. Honey loves other dogs and it is required that her forever home has a friendly canine sibling. This girl loves to be outside exploring the world with her foster family and then settles down for some much deserved snuggle time. <https://pawsnewengland.com/our-dogs-list/Honey/>

# Rollo

Rollo – Rollo is a 6 year Pitt Bull mix who would love a forever home! This sweet boy was found with bite wounds all over his hind quarters and legs which required his tail to be amputated. Rollo is so extremely sweet, loving and exceptionally smart, he even will clean up his toys when done playing with them. He is a little shy at first and would love a home where he can continue to blossom and show his new people how super loving and smart he is. Rollo is timid around other dogs but is coming out of his shell; he may do best in a home as the only canine.
