

Waylon

Waylon is a stunning 1.5-year-old Husky Labrador mix who is looking for his forever family. He has been loved his entire life but due to the owner’s health issues, she can no longer care for him. Waylon loves other dogs and thrives when he is around other canine friends. He also does well with cats but can play a little rough, since he is still young. He has an amazing personality and is just a love bug. Waylon is an all-around great dog who is good to make someone very happy!

Olive Heels

Olive Heels is a super cute 7 month old Australian Cattle Dog, Chihuahua mix. She is a high energy girl who loves to play, especially with other dogs. Olive Heels would do great with a canine sibling who loves to play rough, rumble and tumble. She loves children but tends to jump so a home with older children is best for her. She does guard her food and her crate from other dogs, she will need an owner who is willing to work with her on this or at least be able to manage this. Olive Heels is an amazing girl so don’t wait to apply!

Bill

Bill is one of our favorite older gentlemen up for adoption. He is 8 years young and is a lovable guy. Bill is currently living in a foster home with other dogs and has done well but does have issue with other dogs going near his food or toys. He does not have an issue with humans taking things away from him, it’s just other dogs. Bill is also living on a farm and does not have any issues with the farm animals. He can be leash reactive around other dogs and will need someone to help guide him and work through it. Bill truly is an amazing boy who just wants a home where they can love him unconditionally. <https://pawsnewengland.com/adopt/pet-11499/>
